The Niche Mapping Tool

A. Worksheet: "The Niche Mapping Tool" Purpose: A 4-step exercise to help you find your "Specialty."
Content: A table where you list:

1. What you enjoy doing.

   e.g. I enjoy organizing schedules and keeping track of complex details.

   I enjoy creating content for social media, helping businesses grow online, researching market trends, and engaging with online audiences.

2. What you are already good at

   e.g. I am excellent at using Google Calendar, Excel, and responding to emails quickly.

   I am good at using social media platforms, creating simple graphics with Canva, writing engaging posts, communicating with customers online.

3. Which digital role from the list matches those two.

   e.g. Virtual Assistant (VA).

   Digital Marketer (Social Media Manager and Content Marketer.)

4. Who your typical client would be.

   e.g. Busy tech founders in Abuja who need help managing their daily operations.

   Small business owners, startups, and local brands that need help increasing their online visibility, attracting customers, and growing sales through digital marketing.
